About D-Link Security Solutions

Security has become the major key factor in all Organizations, Institutions, Residential complexes. For total peace of mind, D-Link with over three decades of networking expertise offers integrated surveillance solution with its CCTV & IP surveillance products.

Simplifying technology has always been a core philosophy at D-Link. So be it the IP cameras based on modern plug-and-play technology that are extremely easy to install or the traditional Analog HD CCTV, D-Link is well equipped to cater to the needs of residential, SOHO, SME, Banking, Hospitality or any other commercial establishment.

D-LINK with its new wide range of AHD solution is designed for varied application. The product line includes from 1MP, 2MP, 5MP CCTV AHD camera in Dome/Bullet option. Also different casing for different application is available along with fixed and varifocal lens. There is also diversity in the Recorder with 1080P Lite, 5MP Lite and 8MP Lite DVR.

D-Link CCTV Solution is also driven by Software DSVS (D-LINK Smart Video Surveillance) that empowers users to keep a check from desktop anywhere, anytime. D-Smart (Mobile App) View your CCTV footage from anywhere
